PDF Download: [https://umwelttermine.bayern/pdf/dfx/181/45bfb4f832\\_9326\\_QField.pdf](https://umwelttermine.bayern/pdf/dfx/181/45bfb4f832_9326_QField.pdf)

The screenshot shows the QField mobile data collection application interface. At the top is a map view of a park area with several green circular annotations. The map includes a compass rose, a scale bar, and coordinate information (X: 610.25023 Y: 5853.71053). Below the map is a toolbar with icons for navigation and settings. The main content area has tabs for "Beobachtung", "Standort", and "Foto". The "Beobachtung" tab is active, showing a sub-tab for "Maier". Under "Maier", there is a "Pfed" section with a "Datum" field containing "20.02.24". There are also fields for "Baumnummer" (containing "12") and "Deutscher Name" (containing "Gemeine Esche"). To the right of these fields is a preview image of a tree.
